-

Environmental Initiatives

Eco-Club Co-Founder

Established school environmental organization with two peers to promote sustainability awareness and drive campus-wide green initiatives.

Community Outreach

Led plastic awareness campaign at Lucknow Zoo, educating visitors on environmental impact and distributing biodegradable bags as sustainable alternatives.

Social Service

IAYP Program Volunteer

Tutored Nursery and Kindergarten students in foundational mathematics (addition, subtraction, multiplication, division) and English sentence construction, fostering early learning development.

Event Management

CMS GN1 Alumni Meet – Operations Manager

Orchestrated large-scale alumni event, managing social media content, backstage coordination, and comprehensive event logistics.

IYMC | International Youth Mathematics Competition

Served on Social Media Team, managing digital presence and content strategy while maintaining consistent high-quality uploads. Concurrently led the Robotics Team, coordinating competitions including Robo Race and Robo Soccer to ensure seamless execution and optimized team performance.

Chief Justice Conference – Lab Demonstration

Presented school's robotics lab and achievements to attending Justices, showcasing technical innovations and competitive accomplishments.

Innovation & Problem-Solving

NASA Space Apps Challenge

Collaborated with team to develop educational game simulating real-world obstacles faced by planetary rovers. Achieved 6th place in competitive hackathon demonstrating technical skills and creative problem-solving.
